

Permaculture design at home and in the garden

We can use principles of permaculture to design thriving, abundant spaces for ourselves and our families, and to share with neighbours and friends. Shown here is an example of a home garden system.

You can learn more about each of the elements illustrated in this poster, and more practical solutions at knowledgebase.permaculture.org.uk

Thank you to Dilly Williams for sharing her beautiful work. www.dillywilliams.co.uk

Permaculture events

Permaculture Association AGM 2016

Saturday 19 November 2016
Graceworks, Leicester
www.permaculture.org.uk/agm-2016

We will be sending proxy voting forms on the 21 October. If you want to stand for election as a trustee or make a proposal, please send information by 14 October. Ideally please contact Andy Goldring first.
