Permaculture is an approach to sustainable living which combines an ethical framework, an understanding of how nature works, and a design approach to different settings, including gardens, farms, organizations, houses and towns.

The ethics are:

- Care of the earth
- Care of people
- Fair shares

Fframwaith ar gyfer byw yn gynaliadwy yw Paramaethu lle mae pobl yn dilyn egwyddorion moesol, deall sut mae natur yn gweithio ac yn dylunio ar gyfer sefyllfaoedd gwahanol, gan gynnwys gerddi, ffermydd, sefydliadau, tai a threfi.

Y moeseg yw:

- Gofal y byd.
- Gofal pobl
- Rhannu teg
